DETAILED ACTION

1. The Final Rejection of 8/12/03 is hereby withdrawn in view of the discovery of more pertinent prior art. An action on the merits of newly amended claims 8-9 follows.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 8-9 are rejected under 35 U.S.C. 102(b) as being anticipated by either of Watanabe or Kanai, both newly cited. Note the notches 5a in the spool 5 of Watanabe and the notches 7 in the core 1 of Kanai, both functioning to accept a drive connection from its supporting spindle. The preamble “A paper roll” is a suggested use of the device and of no patentable significance.
